May 31, 2017

Dear Lynn,

Congratulations! Your GPS for Success production team was nominated by a colleague for the North County STEM Network Community Partner Award. This nomination recognizes your team's dedication to promoting STEM education and the positive impact your efforts have made on the students in the North County.

Your nomination by Cheryl Mayforth, who took the time and made the effort to complete the application, speaks volumes your organization's efforts to support the STEM education community. Impressive!

In recognition of this nomination, we ask that you and your GPS for Success team please join us for a dinner celebration on Wednesday, June 21, 2017. The festivities will begin at 5:30 pm in the Barben Rooms at the Cheel Center on the Clarkson campus. RSVP to me at lblank@watertowncsd.org no later than June 14, 2017. Award winners will be announced at the dinner. Please provide the names of attendees in your RSVP message.

We are grateful to our business partner, Siemens, for their financial support of our STEM Champion awards. We are also pleased that the award you will receive has been designed and crafted by the ADK PTECH students. We are thankful for their efforts!

We look forward to seeing you at the dinner to celebrate the strength of STEM education in the North Country.

Sincerely,

Lisa Blank
Awards Committee Chair

Mary Margaret Small, EdD
STEM Network Coordinator
